"Homosexual Marriage" is Wrong and Illinois Tax Payers Refuse to Pay For It

Did You Know the 10 Reasons Why?

- It's not marriage because procreation is impossible.
- It violates the natural law of sexual purpose.
- It always denies children either a mother or a father.
- It promotes the homosexual lifestyle, known to spread the deadly disease AIDS.
- It turns a moral wrong into a civil right.
- It does not create a family, but rather a naturally sterile union.
- It defeats the interest of government in promoting the family unit in society.
- It imposes its acceptance on society, forcing Christians to violate their faith.
- It's another incremental step in the sexual degradation of society.
- It GRAVELY offends God, our Creator.
